Considerations

Children's health and wellbeing is fundamental to their development.

Children's needs: A safe and caring environment in which children's need for sleep, rest and comfort is met.

Families' needs: Their child's health wellbeing and safety are of utmost importance and their routines for sleep and rest which are in place at home are carried through to child care whenever possible; cultural needs recognised

Staff needs: A comfortable, safe sleep environment for children which meets each child's individual needs; information on latest research and best practices that reduce the risk of SIDS; strategies to monitor care during sleep and rest times

Management needs: Ensure all equipment provided meets Australian Standards; ensure staff have up to date information on best practice

Policy Statement

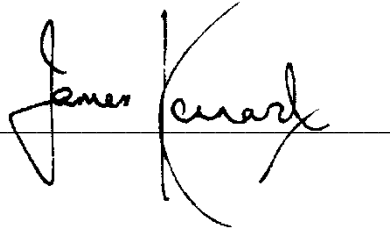

Staff will consult with families at all times in regard to their child's sleeping/rest patterns and will develop procedures to ensure each child's individual needs are met. Sleep procedures and sleep equipment will take into account current health and safety advice from recognized health and safety authorities. There will be a comfortable place provided for children at all times.

How the policy will be implemented: specific practices & procedures

- Staff will provide an opportunity for children to sleep /rest within the centre's routine.
- Staff will encourage children to rest in order to meet their individual developmental needs.
- Children will not be forced to sleep at any time. Quiet activities will be made available for children to experience whilst other children sleep.
- Sleep / rest times will be regarded as a positive, pleasant experience within the centre and staff will make every effort to provide a relaxing and comfortable sleep environment for all children.
- Staff will ensure children are dressed appropriately for the room temperature and supervised appropriately (direct sight and sound) whilst sleeping.
- Comforters and/or security toys may be brought in for sleep / rest periods, however such items must not impact on the safety of children whilst sleeping. In accordance with SIDS and Kids recommendations, no doonas, large pillows and large soft toys will be allowed at the centre during sleep/ rest periods.
- Each child will have their own bedding which will be washed at home at least once a week or after soiling.

- Staff will create a safe sleep/rest environment by ensuring that:
 - Room is free from smoke and fumes.
 - There are no dangling cords or strings.
 - Beds are placed away from heaters or electrical appliances (SIDS and Kids Victoria Sleeping Guide).
- Sleeping equipment at the centre will adhere to Australian Standards and current Health and Safety advice from recognized authorities.
- The centre will provide information for parents on current safe sleeping practices.
