## THE INFORMATION PROVIDED IN THIS RESOURCE IS A GUIDELINE FOR STUDENTS

It is a summary of many of the foremost academic merit scholarships on offer and it is important that students confirm specific details of the various scholarships, i.e. eligibility, and the closing dates for their application/s themselves.

Students should also check whether the scholarships they are applying for are deferrable or not.

It is also advantageous to visit the university websites regularly as they are frequently updated, and detail numerous other scholarships (access & equity scholarships, and accommodation scholarships) not referred to in this resource.

Students should also note that not every tertiary institution is listed here. It is imperative that students are methodical in researching the websites of the institutions they are applying to themselves.

Where possible, reference has been made as to whether the scholarship is available to Commonwealth Supported Students (CSP) – referring to *Australian citizens*, *some New Zealand citizens*, and residents on *Permanent Humanitarian Visas* only – or whether it is open to International students too.

Students should double-check their eligibility themselves.
